

## About Us

Formerly known as Harvey Telecentre, the Harvey Community Resource Centre (HCRC) is a non-government, not-for-profit organisation that has been serving the Harvey community since 2001.

Community Resource Centres (CRCs) are friendly, locally owned and operated service and information centres. 147 Centres across the State form the Western Australian Community Resource Network (WACRN), which is supported by the Department of Primary Industries and Regional Development and the Royalties for Regions initiative.

HCRC is the community's hub for support services that provide advice and counselling in areas such as legal aid, finance management, mental health counselling, and employment support through atWork Australia™ on a weekly or fortnightly basis.

As a Centrelink agency for Services Australia, the community is also supported to report and contact Centrelink, Child Support, Medicare, or My Aged Care via fax, telephone, or through the Centrelink Access Point

The provision of opportunities to access training, participate in cultural and community events and conduct business with government agencies enhances community connection.

Our friendly staff are dedicated to providing the best service possible to the local community with professionalism, compassion and integrity.
